

IN THE  EVENT®

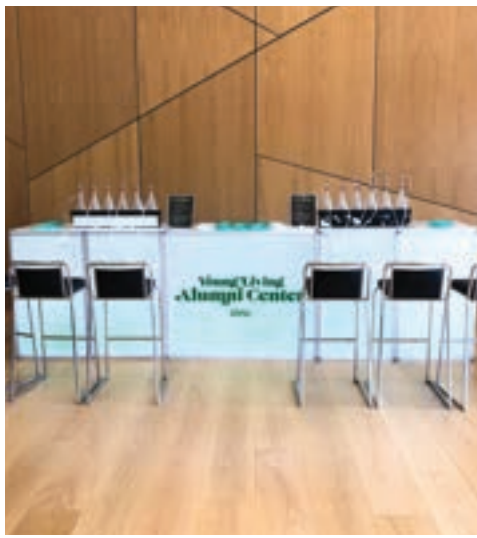

LED Mods

In The Event is the innovator of wireless LED Mods in Utah! Our entire LED collection is made from easy-to-assemble panels that can be customized with graphics printed to fit any event, from branding to pictures. Lit from within with battery powered LEDs, this furniture will shine through any event. Our selections include a wide variety of seating, bars, tables, retail displays, stage sets, dance floors, designer runways, car risers and so much more. Design your event entirely with LED Mods or use them as accent pieces. The possibilities are endless!
